Project Builders has recently teamed up with Pie Five franchisee, Slice of the Pie. These projects consist mostly of interior build outs, transforming a cold, dark shell into a vibrant fast casual restaurant. These are fast paced projects with a unique look, all completed on a tight schedule. There is no room for error in the 8 weeks to opening. Our two most notable projects were the first Pie Five location in Hoover, AL and another located in the Hard Rock Casino in Biloxi, MS.
